The Energy Storage Experts

Update from the Field – December 2020

A monthly analysis note from the energy storage experts

Table of contents

Executive summary	2
New regulations and initiatives discussed this month	5
Europe	5
Italy	5
Australia & Oceania	6
Australia	6
Asia	6
India	6
Project updates and announcements	6
Overview of the 2020 market for utility-scale energy storage projects	6
Projects announced or contracted this month	7
Australia & Oceania	8
Projects commissioned this month	9
Tenders this month	10
Europe	10
Asia	11
Americas	11
Focus of the month: Europe 2025 battery storage market forecast	12
General context: regional groups and markets	12
Volume of storage installed and operational in continental Europe	13
2025 deployed battery storage capacity forecast	14
Methodology	14
Results of the forecasts in 26 countries	15
Only a few countries are expected to deploy storage for other applications than frequency regulation	16
For the Baltic states and Ukraine, joining Continental Europe requires additional storage capacities	17
Baltic states	17
Ukraine needs 200MW of storage to disconnect from the UPS	17
Country summary and market sizes	19
