Update From The Field

February 2023

Every month, Clean Horizon's team of energy storage experts delivers an analysis of key data and trends affecting the energy storage industry worldwide. This monthly report updates and analyzes new relevant regulations, monitors commissioned and announced projects, and provides a specific focus on key market trends which are likely to have a direct impact on industry stakeholders.

Table of Contents

Table of Figures.....	4
Executive summary.....	5
1. New regulations and initiatives discussed this month.....	6
2. Project updates and announcements	8
2.1. Overview of the 2022 and 2023 markets for utility-scale energy storage projects	8
2.2. Projects announced or contracted this month.....	9
2.3. Projects commissioned this month	11
2.4. Tenders this month	13
3. Focus of the month: storage route to markets in Europe	14
3.1. Stakeholders' portfolios	14
3.2. Route to market remuneration models	21
3.3. Stakeholders market participation by country	26

Table of Figures
